EDUCATION

Rutgers Business School, Rutgers University

Bachelor of Science in Finance
GPA: 3.69/4.00

New Brunswick, NJ
Expected May 2029

EXPERIENCE

Founder Securities Co., Ltd., Beijing Wangjing Branch

Fund Manager Assistant Intern

Beijing, China
May 18 - Jul 21, 2026

- Conducted equity and industry research across humanoid robotics, AI glasses, data-center power and storage, fluorochemicals, and advanced manufacturing using public company disclosures and sector information.
- Monitored listed companies and market developments, organized research findings, and compared fundamental and technical signals to support investment discussions with the fund manager.

Beijing Aerospace Capital Testing Engineer Co., Ltd.

Assistant Equipment Inspector

Beijing, China
Jul 2024 - Aug 2024

- Operated testing equipment, recorded inspection data, and evaluated pipeline insulation during field assignments.
- Performed magnetic particle and penetrant testing on 50+ pipelines to identify surface and near-surface defects and supported thermal pipeline inspections in Sanhe.

LEADERSHIP

Stock Market Simulation Club

Co-Founder

Beijing, China
Sep 2022 - May 2025

- Co-founded and led a 6-member club, conducting weekly workshops on investing fundamentals and technical analysis.
- Designed simulated trading exercises and collaborative equity research covering 10+ companies; presented recommendations and guided members in portfolio diversification and risk management.

Comfort Rolay School Student Council

President, Organizational Department

Beijing, China
Sep 2021 - May 2024

- Led and coordinated a 30+ member team responsible for campus inspections and compliance with school policies.
- Coordinated logistics, staffing, venue setup, and cleanup with multiple departments for a school concert attended by 300+ people.

PROJECT

Xiaomi Automotive Sales Strategy Market Research

Jun 2024 - Jul 2024

- Completed a month-long analysis of Xiaomi's EV marketing strategy, documenting a reported budget allocation of 40% pre-launch promotion, 35% digital advertising partnerships, and 25% after-sales service.
- Conducted market and competitor research for Huawei's new EV, compiled findings into a 15+ page report, and presented key conclusions to a 5-member project team.
